C. Operations- Liz Lawler
   1. Did not take any formal votes- mostly talked about new events
policy. Please see agenda and notes.

2. Concerns about RSOs and fee and whether there are hidden fees and how to manage them.

3. Thank you Ops committee it has been a great year. It has been a cool opportunity to influence the Student Union.

VI. **Events rates and policies** 20 min

A. Vote required

B. Convo - This has been ongoing discussion with the Board for the last year. We need to examine our room rental rates, see how it compares to market rates, and think about what is free and what has a cost to us to prepare the room or clean it. For example there is a lot of work involved with Pauley ballroom like set up and clean up. Also conversations about standard set ups so we don’t have to flip the room for each meeting/event and instead can maximize bookings in those room. The events team is not support by LSP fees so needs to generate enough revenue to fund our staff so that we can continue to offer free and discounted rate to students.

C. Tiffany - [please see](#) this draft.

1. On the bottom you can see what the room rental fee covers. WE include full transparency with those fees. We have eliminated the concept of hidden fees. Event planning services, set up and breakdown, all audio/visual support/AV, standard custodial services will be included. Parking and additional costs won’t be
included in the rate. $0 rental fee rooms will require a standard set up and if a change is made in a standard set up room, they will be charged a 50% discounted rate.

2. Outdoors space will include planning, permit and space rental only.

3. Since Tiffany’s team has merged with the SU, there have been a lot of conversations about these rates and Tiffany’s team has access to other Student Affairs spaces on campus.

4. We need to have the rates to be able to charge appropriately what the rate policies are for the Fall event. This would be the rates until the Board approves another rate.

5. Overall the rates for non-campus affiliates are minimally higher 3-5% increase for Student Affairs and campus affiliates. Another change is the elimination of hidden fees.

6. Question from Liz- will the next Board have a chance to meet in summer? Would the ASUC like to have more interactions to be hashed out in the summer?

   a) Bahar- The Board will meet in summer- probably not in June as ASUC hasnt appointed new members and all the student officers are transitioning. These rates are to become effective in July. ASUC and GA may want to grant buckets of grants to cover some costs as an offer to their constituents. We are not making a revenue off of those but
making sure we cover our costs.

b) Tiffany- we are in recovery mode- we would love to have the rates voted on so we can begin to book events for fall.

c) Martin- why the SA as a campus affiliate get a big discount? Bahar- Our SU team serves the entire division of SA- we are looking at ways to show things we can do so we may not have to pay the tax to the division every year. SA also helps pay for the staff in the Events tea, recognizing with the discount because they are helping fund the staff.

d) Tiffany- a lot of dept on campus were going off campus and by discounting we are able to keep the business in house

e) Kirsten - this will put us in a better position to get better rates in the future in CK and other spaces.

f) Brian - I am not sure we can vote and approve the vote today.

g) Bahar- There is an option to adopt this or in part adopt this and re-evaluate if we think we need adjustments- we can’t operate on what rates we have and meet revenue targets - we have been going to LSP committee every year and asking to cover the holes for Events Services and we can’t move forward doing it.
h) Melvin - concerns about how expensive the rates can get for RSOs- it is hard for me to make a decision if I can’t see if the model is increasing prices for students on campus. Can we get access to the fees prior to this proposal. This is coming from the student perspective.

i) Tiffany- it is challenging because those different hidden fees would vary so it is hard to determine the fees

j) Liz- pre-pandemic- how would I go about finding how much an event would cost?

k) Bahar- you would have to look at the invoice-

l) Liz- would we know what an event would cost compared to the past

m) Tiffany- I can speak to the new model- you can sign a contract with clear and accurate rates with standard itemized invoice.

n) Gabby - In the past after the reservation was made the team learned gradually what extra things were needed the prices grew- with the new model you can see the charges upfront. Another problem we saw the students would put holds for events that would not go forward- we now need a small fee to secure the reservation.

o) Liz- maybe it is helpful to move forward with a list of what fees can be included.

   a) 6 yes votes, the motion carries.

VII. Closed session 10 min

   A. Motion to keep Sharay, Tiffany, Kirsten in the closed session. Brian seconds.

   B. Closed session ended at 10:08

VIII. Bear’s Lair rent amendment 5 min

   A. Vote to approve amendment (final offer) to Bear’s Lair:

      1. 20-25% of base rent for August, 50% for September, 100% Nov and October.

      2. Liz motioned to approve, Michelle seconded, no objections.

         Motion carries.

IX. Thank you to Brian and all our graduating students.
